## FROM THE CHAIRMAN'S DESK

Dear Shareholders,

FY 2020-21 was an unprecedented & challenging year for the entire World & no body on earth would have anticipated such a prolonged & devastating effect of COVID 19. Even now, one can't make any predictions, that by when, our mother earth shall be free from the pandemic. In these extremely difficult times, I pray for the health and safety of all our shareholders and their families and extend my heartiest gratitude to the frontline and healthcare workers who have been the gallant warriors during this pandemic.

As we present the 38<sup>th</sup> Annual Report of RACL Geartech Limited for the financial year 2020-21,

we all are worried for third wave of the Covid-19 crisis. I would request all our stakeholders to not let your guards down and take complete precautions and follow Covid appropriate behaviour to protect yourself and the ones around you and please get vaccinated as soon as possible.

I would also like to thank our esteem shareholders for your confidence & trust posed upon us during these testing times, which remained an inspiration for us to stand up to the challenge with grit and determination and a motivation to perform consistently for maintaining growth in revenue and profits.

FY21 wasn't anything that any of us would have ever imagined or planned for any contingency actions. Nevertheless, businesses and individuals across the globe stood up pretty fast & learnt to weather the storm and re-draw the ways of life. As we all are aware, COVID-19 pandemic raged across the world in beginning of FY 2020. Our Government took a strong preventive action & declared a country wide strict lock down, which coincided with beginning of fiscal year 2021. The announcement was without any advance warning, due to which the country witnessed turmoil and chaos, resulting into mass exodus of the migrant population from the bigger cities, plummeting demand for products and services, loss of lives and livelihood.

It was an extremely tough year for us as well and a look at the GDP numbers, which gives shivers & reflects the magnitude of the challenges we were facing. Each segment of the industry bore the brunt of the pandemic. The automotive industry, was worst hit & witnessed a whopping decline in its Q1 numbers.

Nevertheless, I am proud to state that despite all the hardships, we were successfully able to manage the situation. Q1 did witness a dip in sales figures and profits but we were back in control in the subsequent quarters. We undertook massive management actions towards reducing costs, optimising resources and working capital requirements. Our efforts were very fruitful, duly supported by our employees & supply chain partners. While we strictly adhered to all Government protocols on COVID management, we ensured that supplies to customers continued, despite of strict restrictions on operations. It was not only a testing time, but also a learning time for us. It taught us to work under unusual circumstances and yet achieve our targets. It has taught us the importance of work together, more than ever before and taking care of each other. Today, I am proud of what your company has achieved and learnt during this truly uncommon year. The resilience and the agility with which response was initiated to safeguard employees and partners was praiseworthy. We have learnt to treat challenges as opportunities.

Our Customers and Suppliers have been a big support in the times of crisis. We have efficiently adapted to the requirements of the changing business environment. During the year, we undertook people-centric

initiatives to ensure the safety of our entire team and slowly, but steadily, resumed production in all our manufacturing facilities, maintaining the guidelines set by the Government.

In FY 2020-21, I am happy to inform that your Company delivered a resilient performance despite a challenging operating environment. On a comparable basis, your company witnessed a small dip in the Total Revenue amounting to ₹ 207.73 Crores for the financial year ended 31<sup>st</sup> March, 2021 as compared to ₹ 212.84 Crores during the same period in the previous year. However, the Profit before Tax grew to ₹30.12 Crore as compared to ₹ 21.90 Crore in the previous year, while Net profit also grew considerably by 45.78% to ₹ 23.85 Crores from ₹ 16.36 Crores in FY 2019-20.

Despite the rough year, these realities give us the confidence that our organisation and its team is ready to take on any challenge that may occur over the coming years. The high point for RACL during this financial year was the historically high monthly sales figures during the month of November and December.

We all are aware that Pandemic has affected economy throughout the world and each sector of the economy has hit in one form or other. Automotive sector has also been affected substantially. We also know that it is not over yet and shall continue to impact us for some time. However, with the advent of vaccines and rigorous vaccinations activity across the globe, mankind shall be able to gain victory over the virus at some stage. Nevertheless, we shall have to adopt a cautious approach towards managing any future crisis that may come our way. Effective utilisation of resources, Human resource management, innovation and agility will help us to make our way out of unprecedented times. We will have to increase operational efficiencies everywhere. We will have to eliminate all sorts of wastages & avoidable costs, which shall be achieved with the collective efforts of the RACL Family.

The Company is also working with full determination for realisation of our Corporate Social Responsibility goals and endures to enable the ones in need. We aim to provide opportunities for the young to prepare themselves into future citizens who are able contribute to growth of country. Our ongoing CSR projects focus on the provision of educational facilities to the marginalized and under privileged children in our community. Apart from that, skill development, women empowerment, support to the deprived and destitute are the arenas where we are ceaselessly working to bring about constructive change.

COVID 19 crisis has generated new threats, but has also created new learnings to stay afloat even in crisis & has opened up a plethora of new opportunities & ways to do business. Our efforts in aligning with new standard of life have yielded heartening business returns. I am confident that we shall be able to sustain our initial success story and we shall be able to conquer more interesting opportunities over the coming years. I am optimistic that even in the worst case scenarios, we will be able to work diligently in our efforts towards turning headwinds into tailwinds taking us a few notches higher.

I wish to seek your support and best wishes for our future endeavours and pray for better and healthier times to come.

At the end I take the opportunity to thank all our stakeholders, bankers, supply chain partners, Government of India, State Government of Uttar Pradesh and all our employees for extending their need based support throughout this crisis period of COVID -19. And I am sure we shall strive back with sustainable growth for all, in the times to come.

Thank you,

**GURSHARAN SINGH**  
**CHAIRMAN & MANAGING DIRECTOR**

### ITEM NO. 07:

Pursuant to the provisions of Sections 149, 152 and 161 of the Act, an Additional Director is appointed by the Board to hold office upto the next General Meeting of the Company. Accordingly, Mrs. Malini Bansal was appointed as an Additional Non-Executive Independent Director of the Company by the Board of Directors, upon the recommendation of the Nomination & Remuneration Committee of the Company w.e.f. 13<sup>th</sup> August, 2021, subject to the approval by the Members in the General Meeting.

The Board in its meeting held on 13<sup>th</sup> August, 2021, upon the recommendation of the Nomination & Remuneration Committee of the Company, also proposed to confirm the appointment of Mrs. Bansal for a period of 3 years commencing from 13<sup>th</sup> August, 2021 upto the conclusion of the 41<sup>st</sup> AGM of the Company.

Mrs. Bansal, who has an experience of over 40 years, predominantly in the field of banking, finance, accounts and allied areas, is currently empanelled as the Arbitrator for entities like BSE Ltd., The National Stock Exchange Ltd., NSDL etc. She is retired Chief General Manager from IDBI Bank and has held the position of the Nominee Director in various Companies. In the opinion of the Board of Directors and the Nomination & Remuneration Committee, her understanding of her field and expertise shall be of great value to the Company.

The Company has received her consent for the aforesaid appointment along with all statutory disclosures/declarations including a declaration to the effect that he meets the criteria of independence as provided in sub-section (6) of Section 149 of the Act. Requisite Notice under Section 160 of the Act proposing the appointment of Mrs. Bansal has also been received by the Company.

This explanatory statement may also be read and treated as disclosure in compliance with the requirements of Section 190 of the Act. Further, Mrs. Bansal attended the Board Meeting held on 13<sup>th</sup> August, 2021 at the time of her appointment. Accordingly, her appointment is placed for the approval of members.

Details of Mrs. Bansal are provided in the “Annexure” to the Notice pursuant to the provisions of the Listing Regulations and SS-2, issued by the Institute of Company Secretaries of India.

Except Mrs. Malini Bansal & her relatives, none of the Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested in the Special Resolution set out at Item No. 07 of this Notice.

**Item No. 08:**

The members of the Company at the 35<sup>th</sup> AGM held on 25<sup>th</sup> September, 2018, had approved, by way of a Special Resolution passed under section 180 (1) (c) of the Companies Act, 2013; borrowings over and above the aggregate of paid up share capital and free reserves of the Company provided that the total amount of such borrowings together with the amounts already borrowed and outstanding at any point of time (apart from the temporary loans obtained from the Company's bankers in the ordinary course of business) shall not be in excess of ₹ 100,00,00,000.00 (Rupees Hundred Crore only).

Since, the business of the Company is growing and expanding, the fund requirement for Capital Expenditure and operational activities of the company are also increasing. Therefore, in order to fulfill these business needs, the management of the company contemplates to enhance/renew the borrowing limit to ₹ 150.00 Crore (Rupees One Hundred & Fifty Crore only) and raise additional loans/ borrowings from one or more Financial Institutions, Banks, NBFCs or other(s). Accordingly, it is proposed to enhance/renew the present limits of borrowings from ₹ 100.00 Crore (Rupees Hundred Crore only) to ₹ 150.00 Crore (Rupees One Hundred & Fifty Crore only) or the aggregate of the paid up share capital and free reserves of the Company as per the latest annual audited financial statements, whichever is higher.

Accordingly, Item No. 08 is put forth to obtain necessary approval of the members of the company in terms of the provisions of Section 180 (1)(c) of the Act.

None of the director or key managerial personnel of the Company or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 08 of the Notice.

The Board commends approval of the resolution set out in Item No. 08 of the Notice as a Special Resolution by the Members of the company.

**ITEM NO. 09:**

The Members of the Company at the 35<sup>th</sup> AGM held on 28<sup>th</sup> September, 2018, had accorded their consent to the Board of Directors for creation of charges/mortgages/hypothecations or otherwise in favour of Banks, Financial Institutions, NBFC or other entities.

In order to facilitate securing the borrowing made by the Company, it may be necessary to create charge/mortgages/hypothecations or otherwise on the assets or whole of the undertaking of the Company in favour of the lenders or others, as mentioned in the resolution at Item No. 09. Section 180(1)(a) of the Act, provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the general meeting.

Accordingly, Item No. 9 is proposed to obtain necessary approval of the Members of the Company in terms of the provisions of Section 180 (1)(a) of the Act, for creation of charges/mortgages/hypothecations or otherwise in favour of the lenders or others, for an amount not exceeding ₹ 150.00 crores (Rupees One Hundred and Fifty Crore) or the aggregate of the paid up share capital and free reserves of the Company as per the latest annual audited financial statements, whichever is higher.

None of the director or key managerial personnel of the Company or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 09 of the Notice.

The Board of Directors, therefore, recommends the Special Resolution at Item No. 09 of the Notice for approval by the Members of the Company.

**We have also examined compliance with the applicable clauses/provisions of the following:**

- i. Secretarial Standards issued by The Institute of Company Secretaries of India have been followed by the Company.
- ii. SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 and the Listing agreement entered by the Company with the Stock Exchange i.e. BSE Limited.

During the period under review the Company has complied with the provisions of the applicable Acts, Rules, Regulations, Guidelines, Standards, SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 etc.

**We further report that:**

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the applicable Act(s) or Regulation(s), if any.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance as per the Provisions of the applicable act(s) and standard(s) and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- As per the minutes of the meetings duly recorded and signed by the Chairman, the decisions of the Board were Unanimous and no dissenting views has been recorded.

### We Further Report that during the Audit Period:

- a. During the year under review, there were changes in the composition of the Board of Directors on account of the appointment of Brig. Harinder Pal Singh Bedi (Retd.) (DIN: 05217488) as the Additional Non- Executive Independent Director of the Company w.e.f. 29.06.2020 whose appointment was regularized in the 37<sup>th</sup> Annual General Meeting (“AGM”) of the Company held on 21.09.2020 and retirement of Mr. Raj Kumar Kapoor, who completed his Second term in the Company as an Independent Director on 28.09.2020. During the Previous Year ended on 31.03.2020, BSE Ltd. had imposed a penalty on the Company under regulation 17(1) of SEBI (LODR) Regulation, 2015 and subsequently, the Company had pleaded for waiver of penalty. As on the date of Submission of this Report, BSE Ltd. has approved the Company’s request for waiver of the fine through the decision of “Committee for Reviewing Representations for Waiver of Fines Levied under Standard Operating Procedure (SOP)” and informed the Company through E-mail dated 10.05.2021.
- b. During the period under review, the Company submitted a disclosure with BSE Ltd. under Regulation 31 (SAST) Regulations, 2011 on 27.05.2020 for Release of Pledge of 8,70,000 shares of Mr. Gursharan Singh discharged as collaterals. The said shares were released by RBL Bank on 16.03.2020 and intimation was received by the Company on 20.03.2020. As confirmed by the management, the disclosure was submitted to BSE Ltd. after the Lockdown restrictions were lifted in the country.
- c. The Company was informed by the BSE Surveillance Department in respect of trading by insiders. In accordance with the Code of Conduct of the Company formulated under the SEBI Prohibition of Insider Trading Regulations, 2015 (“PIT Regulations”), no insider shall perform a contra trade within 6 months of the last trade and make necessary disclosures in respect of the trading made in excess of the threshold limit in one transaction or in one calendar quarter.

Accordingly, it was observed that persons belonging to the Promoter & Promoter Group violated the aforesaid provisions of the Code of Conduct and were served show cause notices by the Company to which they duly replied and stated that the said non-compliance was inadvertent and due to misinterpretation of law. The Board and the Audit Committee took cognizance of the matter and levied the penalties in accordance with the Code of Conduct and also issued Warning Letters to the concerned persons cautioning them to refrain from such activities in future and adhere to the provisions of Code of Conduct strictly.

As per Regulation 7(2) of PIT Regulations, the Company had reported the transactions within the time frame from the date of receipt of information from BSE.

**We further report that** that there are adequate systems and processes in the Company commensurate with the size and operation of the Company, to monitor report deviations to the Board, take corrective actions and ensure compliances with applicable laws, rules, regulations & guidelines.

### ECONOMIC OVERVIEW

With an estimated annual contraction of 8% in GDP, 2020-21 has been the worst year in terms of economic performance in India since 1950-51. While the Indian economy was losing growth momentum for several years before the pandemic, the exceptionally bad growth performance in 2020-21 is largely on account of the 68-day long hard lockdown which was imposed countrywide to prevent the spread of Covid-19 infections, and continuing restrictions on economic and recreational activities for the rest of the year. However, the economy has been recovering with the easing of restrictions. India's GDP re-entered growth territory in the quarter ending December 2020. FY 2021-22, unfortunately, had again started with difficulty, wherein, the country had to cope with a much stronger impact of second wave of COVID 19 infections. It is a matter of great relief that the worst of pandemic is already over & its is expected that Indian economy will be on the growth trajectory sooner than expected.

On the International front, Global economy is set to expand over 5 percent in 2021, which is the strongest projected growth post-recession pace in 80 years. This recovery is uneven and largely reflects sharp rebounds in some major economies. In many emerging market and developing economies (EMDEs), obstacles to vaccination continue to weigh on activity. By 2022, last year's per capita income losses will not be fully unwound in about two-thirds of EMDEs. The global outlook remains subject to significant downside risks, including the possibility of additional COVID-19 waves and financial stress amid high EMDE debt levels. Policy makers will need to balance the need to support the recovery while safeguarding price stability and fiscal sustainability and to continue efforts toward promoting growth-enhancing reforms.

## INDIAN ECONOMY

The production and demand of the auto component industry is directly proportional to that of the automobiles industry. Historically, the automobile OEMs were concentrated in the developed nations and so did the ancillaries and the Asian countries were key manufacturers and suppliers of auto components mainly from China. However, after Covid, the trend has seen a major shift and India emerged as new avenue for the OEMs to source their supplies, especially the precision components, due to the presence of higher market potential and low-cost manufacturing.

Indian auto component industry, being a critical part of the global value chain, has grown at a healthy pace over the past few years. The organised segment of this industry includes OEMs who are engaged in the manufacture of high-value precision components ND aggregates, while the unorganized segment comprises of low-valued products catering largely to after-market services. The industry is highly fragmented with most firms being Indian businesses and relatively lower number of foreign firms and JVs operating in the segment. However, one of the main challenges faced by the indigenous component manufacturers is the low-level of technology adaptation and R&D intensity. The various sub-sectors of the auto component industry in India are engine parts, electrical parts, drive transmission and steering parts, suspension and braking parts, equipment, etc.

Auto components industry's revenue is set to recover by over 20% in fiscal 2022 backed by improved demand sentiments. Domestic auto-component production revenue which declined by 7-9% in fiscal 2021 is poised for aforesaid recovery from Q2 FY21 onwards. Resultantly, better than anticipated revival is expected to cushion the steep decline in revenues in fiscal 2021. Moreover, higher component intensity due to the BS-VI norm is expected to aid average realizations.

On the demand side, domestic demand was impacted during H1 FY 2021 (with tractors being an exception since it was exempted from lockdown) owing to spread of COVID-19, income uncertainty and increase in cost of acquisition on the back of BS VI transition. However, demand from other segments showcased signs of revival since September 2020 with the recovery in economy. On the export front, there were green shoots visible in demand from September 2020 onwards. While exports plunged by 36% on-year during April-August 2020, the pace of decline slowed down to 14% during 9 months ended December 2020. The recovery was led by an increase in demand from European and North American markets. Going ahead, demand from Europe remains a key monitorable owing to re-imposition of lockdown in the wake of second and third wave of COVID-19.

Weak domestic demand and a drop in demand from export destinations is likely to hit auto-component manufacturers for the second consecutive year. Replacement demand is expected to fall for the first time in over a decade in fiscal 2021. This can be attributed to lower movement of vehicles in the initial few months of the fiscal.

According to ACMA, the turnover of the auto components industry fell by 34% YoY to Rs 1.19 lakh crore (USD 15.9 bn) during H1-FY21. The 2nd half of FY21 was expected to see a strong recovery. CARE Ratings expects the industry to decline by 10 to 12% YoY in FY21. However, FY22 is expected to witness a positive growth of 18 to 20%, after two consecutive fiscals of de-growth.

## PERFORMANCE OVERVIEW

The Company is a leading automotive component manufacturing company in India with significant presence in the international market mainly through export. It has geographical spread providing support to some of the World's Biggest Original Equipment Manufacturers (OEMs) and Tier1 customers across Europe, Asia and North America. For FY21, the Company's revenue was pegged at INR 20772.99 Lakh and Profit improved to INR 2385.59 Lakh even as the Auto industry production fell by 13%. The

growth was achieved on account of better resource management, manpower optimization, interest cost savings and improved productivity.

We have created a niche market for ourselves to cater to client who need quality products at value based pricing and on time performance. Given the fact that the Gear market is an extremely competitive one, RACL has been able to create a unique product portfolio for the market. We are further working on upgrading our capabilities in terms of quality, technology and skill set of the people to prepare for the catering to the requirement of Gears for E- Mobility Solutions.

## EXPORT

In line with the economic trend seen in last year, Export sales of the Company rose to 72.65% of the total sales this year amounting to INR 14795 Lakh. The global markets are under growth trajectory & there is ample scope and opportunities for RACL to grow our exports aggressively.

## OPPORTUNITIES

AGrowing working class and expanding middle class population are expected to remain key demand drivers for the automobile industry. India is emerging as the global hub for auto component sourcing which likely to result into higher exports in the coming years. Globalizing world is opening newer opportunities for the transportation industry, especially while it makes a shift towards Electric, Alternate fuels and hybrid cars. Increased customer expectation towards more efficient, safe, comfort and reliable mode of transportation shall open many avenues. It will lead to newer verticals and newer vista of opportunities for auto-component manufacturers, who would need to adapt change via systematic R&D.

Apart from that, recent announcement by Govt of India for an incentive-based vehicle scrappage policy, though voluntary, is expected to lead to a rise in automobile sales in the country, which has a direct benefit for the auto components industry.

RACL is gearing up fully to get ready for the future & we are diversifying into the Chassis component and providing drive train solutions to the EVs. We have already invested capital expenditure for new projects and futuristic technologies to enter into the Premium Passenger Car segment through one of the largest players in the market.

## THREATS, RISKS AND CONCERNS

Even before, COVID pandemic struck the world, the automotive industry was experiencing a stagnancy in demand with downwards trends. In FY20, Indian component industry declined by 12% from USD 57 billion in 2018-19 to USD 50 billion. ACMA estimated one million job losses and cut on a billion-dollar investment. In the last two years, the auto component industry declined over 30% and the capacity utilization remained at 60%. However, in fiscal 2019-2020, the auto component maker fared better on the strength of robust demand from the tractor industry and good business from exports and aftermarket. The situation looks much more complex in a post-second wave as this has impacted the rural markets, unlike in the first wave.

The challenge now will be aggravated on two counts: one, demand recovery may not be as quick as in the previous year as the impact has been widespread, and two, the supply side constraints become more complex because of the regional lockdowns. The migration of the workforce also will continue to mar the sector. Further, based on the current and future market environment estimates, the base cost of materials is expected to surge beyond norms. GDP witnessed a contraction, which may adversely impact Govt. spends & may keep the economy in stress mode. Moreover, the threat of Covid-19 is continuing with on & off lockdowns, not only in India but globally, resulting in economic slowdown and uncertainties.

## RISK MITIGATION

A constant monitoring of market trends and indications regarding the anticipated scenario will help to actively shape suppliers' future and in a way that plays a significant role in the automotive supply chain of 2022 and beyond.

Risk management at RACL is an enterprise-wide function and a holistic approach has been adopted based on Enterprise Risk Management (ERM) Framework. The framework encompasses practices relating to identification, assessment, monitoring and mitigation of various risks towards achievement of business objectives. The ERM is aimed at dealing with uncertainty and to minimize adverse risk impact on business objectives and enables the Company to leverage business opportunities effectively. The Company relentlessly endeavors, not only, to minimize risks, but convert them into business opportunities that allow it to maximize returns for shareholders from diverse situations. The Company has aligned risk management process with every part of the critical business processes to ensure that the processes are designed & operated effectively towards the achievement of business objectives.

Risks are identified & assessed across all key business functions in an all-inclusive manner.

## INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company's philosophy towards internal controls is based on the principle of healthy growth with a proactive approach to risk management. The Company has a proper and adequate system of Internal Control to ensure all the assets are safeguarded and protected against loss from unauthorized use or disposition and the transactions are authorized, recorded and reported correctly. The Internal Control is supplemented by an extensive program of internal audits, review by management and procedures. It is designed to ensure that the financial and other records are reliable for preparing financial statements, other data and for maintaining accountability of assets. The Company ensures adherence to all statutes.

## MATERIAL DEVELOPMENTS IN HUMAN RESOURCES (HR)

The Company recognizes the importance of leadership, technical, and behavioral development of employees across the organization. The HR policy of the Company ensures creation of a safe and conducive environment wherein employees can deliver their best outcomes. The Company conducts continuous improvement and training programs to hone the skills and capabilities of employees and keep up their morale.

FY21 has been a challenging year for businesses and people across the globe. It was a year of unprecedented times and thus called for unprecedented actions. As we were combating the global pandemic, the safety and health of the employees were of utmost priority while keeping the business afloat. In this new normal, the Human Resource function has demonstrated agility by ensuring new systems and processes to cater to the needs of changing times. Different SOPs related to safety were formalized to ease the operations of the business and people. Staying connected with employees, leadership connect and employee motivation were the key focus areas.

The Company has well documented and updated policies in place to prevent any kind of discrimination and harassment, including sexual harassment. The Whistle Blower Policy plays an important role as a watchdog.

The Company currently has adequate man power and personnel to conduct the business without any complication or hindrances. The overall human and industrial relations have remained peaceful and composed during the period under review. As on 31<sup>st</sup> March, 2021, the total number of employees on the Company's payroll stood at 473.

## REPORT ON CORPORATE GOVERNANCE

In accordance with the provisions of the Regulation 34 (3) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) read with Schedule V, the report containing the details of Corporate Governance systems and processes followed by RACL Geartech Limited (“RACL or Company”) is given below.

### COMPANY’S PHILOSOPHY ON CODE OF GOVERNANCE

Your Company has set itself the objective of expanding its capacities and becoming globally competitive in its business. As a part of its growth strategy, the Company believes in adopting ‘best practices’ that are followed in the area of Corporate Governance across various geographies. Corporate governance is creation and enhancing long-term sustainable value for the stakeholders through ethically driven business process. It is about commitment to values and about ethical business conduct. This includes its corporate structure, its culture, policies and the manner in which it deals with various stakeholders. Accordingly, timely and accurate disclosure of information regarding the financial performance, ownership and material developments in respect of the Company is an integral part of Corporate Governance.

Your Company has been practicing the principles of good Corporate Governance over the years and has been upholding fair and ethical business and corporate practices and transparency in its dealings, laying emphasis on scrupulous regulatory compliances. The Company’s philosophy on Corporate Governance has been developed with a tradition of fair and transparent governance even before the same was mandatorily applicable to the Company. Transparency, integrity, professionalism and accountability - based values form the basis of the Company’s philosophy for Corporate Governance. Your company is in compliance with the requirements stipulated under various applicable provisions of the Listing Regulations.

RACL has formulated a Corporate Compliance Program which is designed and implemented to manage risks, prevent illegal and unethical conduct, and mitigate or eliminate punishments and liabilities when such conduct does take place. The Company has always endeavored to accept and follow the internationally recognized code of conduct within the organization. It has always been the aim of the Company to exceed and excel through fair and transparent practices. We acknowledge our individual and collective responsibilities to manage our business activities along with catering to the needs of the society we operate in.

## II. BOARD OF DIRECTORS

The Board of Directors (“Board”) is the primary direct stakeholder influencing corporate governance. Directors are elected by the Board Members and appointed by the shareholders, and represent the Company. ### Share Transfer System

The Company has appointed MAS Services Limited as the Registrar and Share Transfer Agent (“RTA”) of the Company. The work related to share transfer in terms of both physical and electronic mode is being dealt at single point by the RTA. After the completion of preliminary formalities of transfer/transmission by the RTA, the approval of transfer of shares in the physical form is given by the Stakeholders’ Relationship Committee (“SRC”) of the Board of Directors. However, SEBI, vide its Notification dated 8<sup>th</sup> June, 2018 has mandated dematerialization of shares held in physical form for registration of transfer of shares of the Company w.e.f. 1<sup>st</sup> April, 2019. Hence, all shareholders acquiring shares in physical form are required to dematerialize their shareholding before lodging for any transfer of shares.

The SRC meets periodically to inter alia approve the Share Transfer(s) etc. The Company has complied with the provisions of the requisite guidelines issued by the regulatory authorities in respect of the transfer of shares and other related matters.

The Company obtains a half-yearly Compliance Certificate from a Company Secretary in practice to the effect that all certificates have been issued within 30 (thirty) days of the date of valid lodgement of transfer, sub-division, consolidation and renewal as required under Regulation 40(9) of the Listing Regulations and files a copy of the said certificate with the Stock Exchanges.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF RACL GEARTECH LIMITED

### Report on the audit of the Standalone Financial Statements

#### Opinion

We have audited the Standalone Financial Statements of **RACL Geartech Limited** (“the Company”), which comprise the Balance Sheet as at March 31, 2021 and the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information for the year ended on that date.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the financial year ended 31<sup>st</sup> March, 2021. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Standalone Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

Key audit matters	How our audit addressed the key audit matter
<b>A. Foreign currency risk (Refer Note 39)</b>	
<p>Transaction exposure arises due to the timing difference between an entitlement to receive money from a customer and the actual physical receipt of the money or, in the case of a payable, the time between placing the purchase order and settlement of the invoice.</p> <p>The Company doesn't hedge its transactions, due to which it has a net unhedged risk of Rs 226.40 Lakhs as on 31.03.2021 (previous year Rs 566.02 Lakhs)</p> <p>Not hedging the transaction exposure, has a significant risk, therefore considered as a key audit area.</p>	<p>Our audit procedures relate to verifying the exchange rate difference and valuation of assets and liabilities as on closing date to ensure all foreign currency exchange rate differences has been accounted for.</p> <p>Further, any difference in exchange rate during the year i.e. from the date of purchase to date of payment as well as date of sale to date of receipt is properly accounted for in the absence of any hedging done by the company.</p>

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's

Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

### Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## Other Matter

### 1. Independent Auditor's Report without physical visit to the Company due to COVID 19

The opinion expressed in the present report is based on the limited information, facts and inputs made available to us through electronic means by the Company. We wish to highlight that due to the COVID 19 induced restrictions on physical movement, the entire audit team could not visit the Company for undertaking the required audit procedures as prescribed under ICAI issued Standards on Auditing, including but not limited to:

- Inspection, observation, examination and verification of the original documents/ files. Verified the scanned documents provided by the Company on Email.
- Examination of the FA register, physical verification process / addition of Fixed Assets documents, if any.
- Verification of Minute book i.e. AGM, Board minutes and EGM.

### 2. The balance confirmation from the suppliers, advances & customers given have been called for, but the same are awaited till the date of audit. Thus, the balances of receivables, trade payables and advances given have been taken as per the books of accounts submitted by the company and are subject to confirmation from the respective parties.

## ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

(REFERRED TO IN OUR REPORT OF EVEN DATE)

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of RACL Geartech Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

#### Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to these Standalone Financial Statements is

a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

### **Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements**

Because of the inherent limitations of internal financial controls with reference to these Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2021, based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO ACCOUNTS

### NOTE NO 1.

#### GENERAL INFORMATION

RACL Geartech Ltd (referred to as 'RACL' or 'Company') was established in the year 1989 for producing automotive components in the field of Motorcycles & Scooters, 3&4 Wheeler Passenger & Cargo Vehicles, Agricultural Machinery, Tractors, ATV, Light & Heavy Commercial Vehicles, etc. The company has also expanded into sub-assemblies, industrial Gears for electrical switch Gears and Circuit Breakers, Winches and Cranes.

It is a customer centric Organisation obsessed with world class benchmarking and are supplying to top Global OEM's like BMW Mottarad, Germany, Kubota Corporation (Japan, Thailand and USA) , IT Switzerland (Same Group Company), KTM AG (Austria) Schneider Electric (Germany), Dana (Italy and China) amongst others.

#### A. BASIS FOR PREPARATION OF FINANCIAL STATEMENTS

##### (a) Statement of Compliance

The shares of the company are listed on Bombay Stock Exchange (BSE).

The Company's financial statements complies in all material aspects with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Companies Act, 2013 (the Act).

##### (b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items:

Item	Measurement
Certain financial assets and liabilities	At Fair value
Net defined benefit (asset)/liability	At Present value of defined benefit obligations

##### (c) Use of Estimates and Judgements

Preparation of these financial statements is in conformity with Ind AS. It requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for expected credit loss, future obligations in respect of retirement benefit plans, fair value measurement etc.

##### (d) Measurement of Fair Value

Accounting Policies and disclosures requires measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and

the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date.
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (Unobservable inputs).

### (e) Operating Cycle

Based on the nature of products/ activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current

### Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 modified in accordance with the requirements of Ind AS. The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash Flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards.

Amounts in the financial statements are presented in Indian Rupees.

## B SIGNIFICANT ACCOUNTING POLICIES

### B1 INCOME RECOGNITION

#### a. Revenue from Contracts with customers:

Revenue from contract with customers are accounted for and recognised, observing the provisions of Ind AS 115 “Revenue from Contracts with Customers”.

The Company derives revenue primarily from sale of goods to the Customer. To recognize the revenue, the Company applies the following five steps approach:

- (1) **Identify the contract with a customer:** The Company observe the following criteria:
  - a) Parties to the contract have approved the contract.
  - b) Parties are committed to performing their respective obligations.
  - c) Each party’s rights and payment for the contract are identified.
  - d) A contract has commercial substance.
  - e) Probable collection of the consideration by the entity.
- (2) **Identify the performance obligations in the contract:** The Company assesses its promise to transfer goods to a customer to identify separate performance obligations. The Company applies judgment to determine whether each goods promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised goods are combined and accounted as a single performance obligation.

- (3) **Determine the transaction price:** Transaction price is fixed and determined based on the terms of contract and Company's customary practice and any consideration payable to the customers includes cash amounts, credits, rebates and other similar allowances is reduced from the transaction price.
- (4) **Allocate the transaction price to the performance obligation in the contract.** The Company allocates the transaction price to each performance obligation identified in a contract on a relative stand-alone selling price basis.
- (5) **Recognize revenue when a performance obligation is satisfied:** Revenue is recognised when (or as) the Company satisfies a performance obligation by transferring a promised goods or services to a customer (customer obtains control). For each performance obligation, The Company determines the performance obligation at a point of time when all the following conditions are satisfied:
  1. The Company has a present right to pay for the goods.
  2. The Customer has legal title to the goods.
  3. The Company has transferred physical possession of the goods.
  4. Customer has significant risk and reward of ownership.
  5. Customer has accepted the goods.

**b. Other Income:**

Dividend income from investments is recognized when the company's right to receive payment has been established.

Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition

**B2 PROPERTY, PLANT AND EQUIPMENT (PPE)**

Property, plant and equipment (including furniture, fixtures, vehicles, etc.) held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses. Freehold land is not depreciated.

Management has reviewed the depreciation policy and machineries have been depreciated accordingly.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes items directly attributable to the construction or acquisition of the item of property, plant and equipment, and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. Depreciation is charged on a pro-rata basis at the straight line method over

estimated economic useful lives of its property, plant and equipment generally in accordance with that provided in the Schedule II to the Act.

Depreciation of an asset begins when it is available for use. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale (or included in a disposal group that it is classified as held for sale) in accordance with Ind AS 105 and the date that the asset is de-recognized. Therefore depreciation does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated.

However under usage methods of depreciation the depreciation charge can be zero while there is no production.

Depreciation on additions/ deductions is calculated pro-rata from/ to the Date of additions/ deductions.

An item of property, plant and equipment is derecognized upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

### **B3 INTANGIBLE ASSETS**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

### **B4 IMPAIRMENT OF TANGIBLE AND INTANGIBLE ASSETS**

The carrying amount of assets are reviewed at each Balance Sheet date, to assess, if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the assets exceeds the recoverable amount. Recoverable amount is the higher of fair value less costs of disposal and value in use. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount.

An impairment loss is charged to the statement of profit and loss Account in the year in which an asset is identified as impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized immediately in the statement of profit or loss.

### **B5 INVENTORY**

Inventories are valued at the lower of cost, determined on the weighted average basis and Net Realisable Value (NRV).

The cost of Finished Goods and Work in Progress comprises raw material, direct labour, other direct cost and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs of Inventories also include all the cost incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. NRV is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated cost necessary to make the sale.

## **B6 FOREIGN CURRENCY TRANSACTION**

In preparing the financial statements of the Company, transactions in currencies other than the company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognized in statement of profit or loss in the period in which they arise.

Foreign currency derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in statement of profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in the statement of profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

## **B7 EMPLOYEE BENEFIT**

Company's contributions paid/ payable during the year to Provident Fund and Employees' State Insurance Corporation (ESIC) are recognized in the statement of Profit & Loss Account; Provident Fund contributions are made to a Trust administered by the company. The interest rate payable to the members of this trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the company. The remaining contributions are made to a Government Administered Employee Pension Fund towards which the company has no further obligations beyond its monthly contributions.

Defined benefits and other long term employee benefits are provided on the basis of actuarial valuation made at the end of each financial year. Actuarial gain or losses arising from such valuation are charged to Other Comprehensive Income in the year in which they arise.

## **B8 RESEARCH AND DEVELOPMENT EXPENDITURE**

Expenditure on research activities is recognized as an expense in the period in which it is incurred where no internally generated asset can be recognized.

## **B9 FINANCIAL INSTRUMENT**

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial

liabilities at fair value through the statement of profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value are recognized in statement of profit or loss.

#### a. Financial Assets

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortized cost (unless the same are designated as fair value through the statement of profit or loss (FVTPL)):

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (unless the same are designated as fair value through profit or loss)

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTPL are a residual category for debt instruments and all changes are recognized in profit or loss.

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income (OCI) for equity instruments which are not held for trading.

Interest income, dividend income and exchange difference (on debt instrument) on Fair Value Through Other Comprehensive Income (FVTOCI) debt instruments is recognized in statement of profit or loss and other changes in fair value are recognized in OCI and accumulated in other equity. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to statement of profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to statement of profit & loss on disposal of investments.

#### b. Financial Liabilities and Equity Instruments

##### (1) Classification as debt or equity

Debt and equity instruments issued by Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

##### (2) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

##### (3) Financial liabilities

All financial liabilities are recognized initially at fair value and, in the case of loans and

borrowings and payables, net of directly attributable transaction costs. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance Costs' Line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability

- Loans and borrowings are subsequently measured at amortized costs using Effective Interest Rate method.
- Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.
- Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.
- Financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

## B10 Impairment of financial assets (Expected Credit Loss Model)

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset and financial guarantees not designated at FVTPL

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e.. all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument, through the expected life of the financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk has not increased significantly, the Company measures the loss allowance at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of a change in the amount of the expected credit loss. To achieve that, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition

## B11 PROVISIONS

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation,

and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

## B12 WARRANTIES

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise- being typically six months to one year.

## B13 CURRENT AND NON CURRENT CLASSIFICATION

### **Current Asset:**

An asset shall be classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded.
- (c) It is expected to be realized within twelve months after the reporting date, or
- (d) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

### **Current Liabilities:**

A liability shall be classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date: or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. All other liabilities shall be classified as non-current.

## B14 DEFERRED TAX & CURRENT TAX

### a. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary

differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

#### b. Current and deferred tax for the year

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax are recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively

### B15 EARNING PER SHARE (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating Diluted Earnings per Share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential Equity Shares.

### B16 LEASE

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- The contract involves the use of an identified asset
- The Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- The Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except

for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

## **C CASH FLOW STATEMENT**

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/ (loss) is adjusted for the effects of:

- Transactions of a non-cash nature;
- Any deferrals or accruals of past or future operating cash receipts or payments and,
- All other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

## **D BORROWINGS COST:**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that

is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

<b>Basic Earnings per Share</b>	Rupees	22.13	15.33

### 33 Disclosure pursuant to Ind AS 19 “Employee Benefit”

The details of various employee benefit provided to employee areas under:

#### Defined Benefit Plans

In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity, as defined benefit plan. The gratuity plan provides for a lump sum payment to the employees at the time of separation from the service on completion of vested year of employment i.e. five years. The liability of gratuity plan is provided based on actuarial valuation as at the end of each financial year.

These plans typically expose the Company to actuarial risks such as: investment risk, inherent interest rate risk, longevity risk and salary risk, Investment Risk.

**Interest Rate Risk** The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase Longevity Risk.

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan’s liability.

**Salary Risk** Higher than expected increases in salary will increase the defined benefit obligation.

The most recent actuarial valuation for determining present value of the defined benefit obligation were carried out as at March 31, 2021 by Mr. I Sambasavi Rao (Membership no. 158), Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost, were measured using the projected unit credit method.

The principal assumption used for the purpose of the actuarial valuations were as follows:-

## C. RISKS ASSOCIATED WITH DEFINED BENEFIT PLAN

Where there is a benefit being promised and benefit being provided, there will always be some uncertainty for the benefit provider and the benefit recipient.

## Benefit Risks in Defined Benefit Schemes

### 1. Risk to the beneficiaries (i.e. for employees)

Insufficient funds: The greatest risk to the beneficiary is that there are insufficient funds available to provide the promised benefits.

This may be due to :

- The insufficient funds set aside, i.e. underfunding
- The insolvency of the Employer
- The holding of investments which are not matched to the liabilities; Or
- A combination of these events

Changes to tax rates or status

### 2. Risks to the Benefit provider (i.e. for employer)

Parameter risk: Actuarial valuation is done basis some assumptions like salary inflation, discount rate and withdrawal assumptions. In case the actual experience varies from the assumptions, fund may be Insufficient to pay off the

For example: Suppose the plan's liability is calculated with salary inflation assumption of 5% per annum. However, Company's' actual practice is to provide increment of 10% per annum. This will result into underfunding.

Similarly, reduction in discount rate in subsequent future years can increase the plan's liability. Further, actual withdrawals may be lower or higher than what was assumed in the valuation, which may also impact the plan's liability.

Risk of illiquid assets: Another risk is that the funds, although sufficient, are not available when they are required to finance the benefits. This may be due to assets being locked for longer period or in illiquid assets.

Risk of benefit change: There may be a risk that a benefit promised is changed or is changeable within the terms of the contract. For e.g. the prevailing Act / Regulation may increase the benefits payable under defined benefit plans.

Asset liability mismatching risk: ALM risk arises due to a mismatch between assets and liabilities either due to liquidity or changes in interest rates or due to different duration.

For example: When the liability duration is, say, 10 years and with assets locked in 5-year g-sec securities. After 5years, there is huge reinvestment risk to invest maturity proceeds of assets due to uncertainty about the market prevailing yields at that time.

Note: Profit will increase in case of decrease in interest rate and vice versa

## B Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

### C) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company. Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in debt instruments/ bonds, trade receivables, loans and advances and derivative financial instruments. None of the financial instruments of the Company result in material concentrations of credit risks. Balances with banks were not past due or impaired as at the year end. In other financial assets that are not past dues and not impaired, there were no indication of default in repayment as at the year end.

## 42 Property, Plant and equipment

Property, Plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Capital work in progress are stated at cost, net of accumulated impairment losses, if any. Such cost includes expenditure that is directly attributable to the acquisition of the items and the cost of replacing part of the plant and equipment if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

### Depreciation methods and useful lives

Depreciation is calculated using the straight-line method over estimated useful lives of the assets:

Assets	Useful lives (years)*
Leasehold improvements	Over the period of lease or useful life, whichever is lower
<b>Plant &amp; Machinery: Category</b>	
	A 20
	B 15
	C 10
	D 5
	E 3
<b>Electrical Installation : Category</b>	
	A 15
	B 10
	C 5
Building	30
Capital Tool Support	5
Furniture & Fixtures	5
Vehicles	5
<b>Office &amp; Misc. Equipments : Category</b>	
	A 10
	B 5
	C 3

\*Useful life of certain assets are different than the life prescribed under Schedule II to the Companies Act, 2013 and those have been determined based on technical evaluation by the management. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. An item of property, plant and equipment and any significant part initially recognised is derecognised

upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 43 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. The useful live of intangible assets are as follows:

Assets	Useful lives (years)
Software & Licenses	3

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

#### 47 Disclosure Note- IND AS 116

The Company adopted Ind AS 116 using the modified retrospective method of adoption, with the date of initial application on April 01, 2019. The Company elected to use the transition practical expedient to not reassess whether a contract is, or contains, a lease at April 01, 2019. Instead, the Company applied the standard only to contracts that were previously identified as leases applying Ind AS 17 and Appendix C of Ind AS 17 at the date of initial application. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets).

The Company has leases contracts for land and premises. These lease arrangements for land are for a period upto 99 years and for premises are for a period upto 5 years. The Company also has certain leases of machinery and equipments with lease terms of 12 months or less with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases. The following impacts are recognised in financial position on account of recognition of right of use assets and lease liabilities.

## 49 Going concern

Management has determined that there is no material uncertainty that casts doubt on the entity's ability to continue as a going concern therefore financials have been prepared on going concern basis.

## 50 Estimation of uncertainties relating to the global health pandemic from COVID-19:

The Company has evaluated the impact of COVID – 19 resulting from (i) the possibility of constraints to fulfil its performance obligations under the contract with customers;(ii) revision of estimations of costs to complete the contract because of additional efforts; (iii) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID – 19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of Investments and other financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts and consensus estimates from market sources on the expected future demand of its products. The Company has performed analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF RACL GEARTECH LIMITED

### Report on the audit of the Consolidated Financial Statements

#### Opinion

We have audited the accompanying Consolidated Financial Statements of RACL Geartech Limited (hereinafter referred to as “the Holding Company”), which includes unaudited Financial Statements of its subsidiary (incorporated outside India) RACL Geartech GmbH (the Holding Company and its subsidiary together referred to as “the Group”) comprising of the consolidated Balance sheet as at March 31, 2021, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the Consolidated Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2021, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements’ section of our report. We are independent of the Group, in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Consolidated Financial Statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors’ responsibilities for the audit of the Consolidated Financial Statements section of

our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements.

Key audit matters	How our audit addressed the key audit matter
<b>A. Foreign currency risk (Refer Note 39)</b>	
<p>Transaction exposure arises due to the timing difference between an entitlement to receive money from a customer and the actual physical receipt of the money or, in the case of a payable, the time between placing the purchase order and settlement of the invoice.</p> <p>The Company doesn't hedge its transactions, due to which it has a net unhedged risk of Rs 232.40 Lakhs as on 31.03.2021 (previous year Rs 570.83 Lakhs)</p> <p>Not hedging the transaction exposure, has a significant risk, therefore considered as a key audit area.</p>	<p>Our audit procedures relate to verifying the exchange rate difference and valuation of assets and liabilities as on closing date to ensure all foreign currency exchange rate differences has been accounted for.</p> <p>Further, any difference in exchange rate during the year i.e. from the date of purchase to date of payment as well as date of sale to date of receipt is properly accounted for in the absence of any hedging done by the company.</p>

### Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Consolidated Financial Statements and our auditors' report thereon. Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

### Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been

used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included

in the Consolidated Financial Statements, which are unaudited, management remains responsible for the details and information provided by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in our Report of even date)

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of RACL Geartech Limited as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of RACL Geartech Limited (hereinafter referred to as the "Holding Company"), (and not of the sole subsidiary of the Holding Company since it is incorporated outside India) as of that date.

#### Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company, and that of its subsidiary is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company, internal financial controls over financial reporting with reference to these Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these Consolidated Financial Statements.

## Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control over financial reporting with reference to these Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Consolidated Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company, has maintained in all material respects, adequate internal financial controls over financial reporting with reference to these Consolidated Financial Statements and such internal financial controls over financial reporting with reference to these Consolidated Financial Statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### a. Revenue from Contracts with customers:

Revenue from contract with customers are accounted for and recognised, observing the provisions of Ind AS 115 “Revenue from Contracts with Customers”.

The Company derives revenue primarily from sale of goods to the Customer. To recognize the revenue, the Company applies the following five steps approach:

**(1) Identify the contract with a customer:** The Company observe the following criteria:

- a. Parties to the contract have approved the contract.
- b) Parties are committed to performing their respective obligations.
- c) Each party’s rights and payment for the contract are identified.
- d) A contract has commercial substance.
- e) Probable collection of the consideration by the entity.

**(2) (Identify the performance obligations in the contract:** The Company assesses its promise to transfer goods to a customer to identify separate performance obligations. The Company

applies judgment to determine whether each goods promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised goods are combined and accounted as a single performance obligation.

- (3) **Determine the transaction price:** Transaction price is fixed and determined based on the terms of contract and Company's customary practice and any consideration payable to the customers includes cash amounts, credits, rebates and other similar allowances is reduced from the transaction price.
- (4) **Allocate the transaction price to the performance obligation in the contract.** The Company allocates the transaction price to each performance obligation identified in a contract on a relative stand-alone selling price basis.
- (5) **Recognize revenue when a performance obligation is satisfied:** Revenue is recognised when (or as) the Company satisfies a performance obligation by transferring a promised goods or services to a customer (customer obtains control). For each performance obligation, The Company determines the performance obligation at a point of time when all the following conditions are satisfied:
  1. The Company has a present right to pay for the goods.
  2. The Customer has legal title to the goods.
  3. The Company has transferred physical possession of the goods.
  4. Customer has significant risk and reward of ownership.
  5. Customer has accepted the goods.

**b. Other Income:**

Dividend income from investments is recognized when the company's right to receive payment has been established.

Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition

## **B2 PROPERTY, PLANT AND EQUIPMENT (PPE)**

Property, plant and equipment (including furniture, fixtures, vehicles, etc.) held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses. Freehold land is not depreciated.

Management has reviewed the depreciation policy and machineries have been depreciated accordingly.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes items directly attributable to the construction or acquisition of the item of property, plant and equipment, and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. Depreciation is charged on a pro-rata basis at the straight line method over estimated economic useful lives of its property, plant and equipment generally in accordance with that provided in the Schedule II to the Act.

Depreciation of an asset begins when it is available for use. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale (or included in a disposal group that it is classified as held for sale) in accordance with Ind AS 105 and the date that the asset is de-recognized. Therefore depreciation does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated.

However under usage methods of depreciation the depreciation charge can be zero while there is no production.

Depreciation on additions/ deductions is calculated pro-rata from/ to the Date of additions/ deductions.

An item of property, plant and equipment is derecognized upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

### **B3 INTANGIBLE ASSETS**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

### **B4 IMPAIRMENT OF TANGIBLE AND INTANGIBLE ASSETS**

The carrying amount of assets are reviewed at each Balance Sheet date, to assess, if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the assets exceeds the recoverable amount. Recoverable amount is the higher of fair value less costs of disposal and value in use. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount.

An impairment loss is charged to the statement of profit and loss Account in the year in which an asset is identified as impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized immediately in the statement of profit or loss.

## B5 INVENTORY

Inventories are valued at the lower of cost, determined on the weighted average basis and Net Realisable Value (NRV).

The cost of Finished Goods and Work in Progress comprises raw material, direct labour, other direct cost and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs of Inventories also include all the cost incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. NRV is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated cost necessary to make the sale.

## B6 FOREIGN CURRENCY TRANSACTION

In preparing the financial statements of the Company, transactions in currencies other than the company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognized in statement of profit or loss in the period in which they arise.

Foreign currency derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in statement of profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in the statement of profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

## B7 EMPLOYEE BENEFIT

Company's contributions paid/ payable during the year to Provident Fund and Employees' State Insurance Corporation (ESIC) are recognized in the statement of Profit & Loss Account; Provident Fund contributions are made to a Trust administered by the company. The interest rate payable to the members of this trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the company. The remaining contributions are made to a Government Administered Employee Pension Fund towards which the company has no further obligations beyond its monthly contributions.

Defined benefits and other long term employee benefits are provided on the basis of actuarial valuation made at the end of each financial year. Actuarial gain or losses arising from such valuation are charged to Other Comprehensive Income in the year in which they arise.

## B8 RESEARCH AND DEVELOPMENT EXPENDITURE

Expenditure on research activities is recognized as an expense in the period in which it is incurred where no internally generated asset can be recognized.

## B9 FINANCIAL INSTRUMENT

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through the statement of profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit or loss.

### a. Financial Assets

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortized cost (unless the same are designated as fair value through the statement of profit or loss (FVTPL)):

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (unless the same are designated as fair value through profit or loss)

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTPL are a residual category for debt instruments and all changes are recognized in profit or loss.

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income (OCI) for equity instruments which are not held for trading.

Interest income, dividend income and exchange difference (on debt instrument) on Fair Value Through Other Comprehensive Income (FVTOCI) debt instruments is recognized in statement of profit or loss and other changes in fair value are recognized in OCI and accumulated in other equity. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to statement of profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to statement of profit & loss on disposal of investments.

### b. Financial Liabilities and Equity Instruments

#### (1) Classification as debt or equity

Debt and equity instruments issued by Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### (2) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities

### (3) Financial liabilities

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance Costs' Line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability.

- Loans and borrowings are subsequently measured at amortized costs using Effective Interest Rate method.
- Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.
- Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.
- Financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

#### B10 Impairment of financial assets (Expected Credit Loss Model)

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset and financial guarantees not designated at FVTPL

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e.. all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument, through the expected life of the financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk has not increased significantly, the Company measures the loss allowance at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of a change in the amount of the expected credit loss. To achieve that, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition

## B11 PROVISIONS

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

## B12 WARRANTIES

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise- being typically six months to one year.

## B13 CURRENT AND NON CURRENT CLASSIFICATION

### **Current Asset:**

An asset shall be classified as current when it satisfies any of the following criteria:

- (a) It is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) It is held primarily for the purpose of being traded.
- (c) It is expected to be realized within twelve months after the reporting date, or
- (d) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

### **Current Liabilities:**

A liability shall be classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date: or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. All other liabilities shall be classified as non-current.

## B14 DEFERRED TAX & CURRENT TAX

### a. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

### b. Current and deferred tax for the year

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax are recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively

## B15 EARNING PER SHARE (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating Diluted Earnings per Share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential Equity Shares.

## B16 LEASE

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- The contract involves the use of an identified asset
- The Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- The Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

## **C CASH FLOW STATEMENT**

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/ (loss) is adjusted for the effects of:

- Transactions of a non-cash nature;
- Any deferrals or accruals of past or future operating cash receipts or payments and,
- All other items of income or expense associated with investing or financing cash flows

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are

reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

## D BORROWINGS COST:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

<b>Basic Earnings per Share</b>	Rupees	<b>22.23</b>	15.31

### 33 Disclosure pursuant to Ind AS 19 “Employee Benefit”

The details of various employee benefit provided to employee areas under:

#### Defined Benefit Plans

In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity, as defined benefit plan. The gratuity plan provides for a lump sum payment to the employees at the time of separation from the service on completion of vested year of employment i.e. five years. The liability of gratuity plan is provided based on actuarial valuation as at the end of each financial year.

These plans typically expose the Company to actuarial risks such as: investment risk, inherent interest rate risk, longevity risk and salary risk, Investment Risk.

**Interest Rate Risk** The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase  
**Longevity Risk.**

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan’s liability.

**Salary Risk** Higher than expected increases in salary will increase the defined benefit obligation.

The most recent actuarial valuation for determining present value of the defined benefit obligation were carried out as at March 31, 2021 by Mr. I Sambasavi Rao (Membership no. 158), Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost, were measured using the projected unit credit method.

The principal assumption used for the purpose of the actuarial valuations were as follows:-

#### D. RISKS ASSOCIATED WITH DEFINED BENEFIT PLAN

Where there is a benefit being promised and benefit being provided, there will always be some uncertainty for the benefit provider and the benefit recipient.

##### Benefit Risks in Defined Benefit Schemes

###### 1. Risk to the beneficiaries (i.e. for employees)

Insufficient funds: The greatest risk to the beneficiary is that there are insufficient funds available to provide the promised benefits.

This may be due to :

- The insufficient funds set aside, i.e. underfunding
- The insolvency of the Employer
- The holding of investments which are not matched to the liabilities; Or
- A combination of these events

Changes to tax rates or status

###### 2. Risks to the Benefit provider (i.e. for employer)

Parameter risk: Actuarial valuation is done basis some assumptions like salary inflation, discount rate and withdrawal assumptions. In case the actual experience varies from the assumptions, fund may be Insufficient to pay off the

For example: Suppose the plan's liability is calculated with salary inflation assumption of 5% per annum. However, Company's' actual practice is to provide increment of 10% per annum. This will result into underfunding.

Similarly, reduction in discount rate in subsequent future years can increase the plan's liability. Further, actual withdrawals may be lower or higher than what was assumed in the valuation, which may also impact the plan's liability.

Risk of illiquid assets: Another risk is that the funds, although sufficient, are not available when they are required to finance the benefits. This may be due to assets being locked for longer period or in illiquid assets.

Risk of benefit change: There may be a risk that a benefit promised is changed or is changeable within the terms of the contract. For e.g. the prevailing Act / Regulation may increase the benefits payable under defined benefit plans.

Asset liability mismatching risk: ALM risk arises due to a mismatch between assets and liabilities either due to liquidity or changes in interest rates or due to different duration.

For example: When the liability duration is, say, 10 years and with assets locked in 5-year g-sec securities. After 5 years, there is huge reinvestment risk to invest maturity proceeds of assets due to uncertainty about the market prevailing yields at that time.

### c) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company. Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in debt instruments/ bonds, trade receivables, loans and advances and derivative financial instruments. None of the financial instruments of the Company result in material concentrations of credit risks. Balances with banks were not past due or impaired as at the year end. In other financial assets that are not past dues and not impaired, there were no indication of default in repayment as at the year end.

#### 42 Property, Plant and equipment

Property, Plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Capital work in progress are stated at cost, net

of accumulated impairment losses, if any. Such cost includes expenditure that is directly attributable to the acquisition of the items and the cost of replacing part of the plant and equipment if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

#### Depreciation methods and useful lives

Depreciation is calculated using the straight-line method over estimated useful lives of the assets:

Assets	Useful lives (years)*
Leasehold improvements	Over the period of lease or useful life, whichever is lower
<b>Plant &amp; Machinery: Category</b>	
A	20
B	15
C	10
D	5
E	3
<b>Electrical Installation : Category</b>	
A	15
B	10
C	5
Building	30
Capital Tool Support	5
Furniture & Fixtures	5
Vehicles	5
<b>Office &amp; Misc. Equipments : Category</b>	
A	10
B	5
C	3

\*Useful life of certain assets are different than the life prescribed under Schedule II to the Companies Act, 2013 and those have been determined based on technical evaluation by the management. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 43 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. The useful live of intangible assets are as follows:

Assets	Useful lives (years)
Software & Licenses	3

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

### 47 Disclosure Note- IND AS 116

The Company adopted Ind AS 116 using the modified retrospective method of adoption, with the date of initial application on April 01, 2019. The Company elected to use the transition practical expedient to not reassess whether a contract is, or contains, a lease at April 01, 2019. Instead, the Company applied the standard only to contracts that were previously identified as leases applying Ind AS 17 and Appendix C of Ind AS 17 at the date of initial application. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets).

The Company has leases contracts for land and premises. These lease arrangements for land are for a period upto 99 years and for premises are for a period upto 5 years. The Company also has certain leases of machinery and equipments with lease terms of 12 months or less with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases. The following impacts are recognised in financial position on account of recognition of right of use assets and lease liabilities.

## 49 Going concern

Management has determined that there is no material uncertainty that casts doubt on the entity's ability to continue as a going concern therefore financials have been prepared on going concern basis.

## 50 Estimation of uncertainties relating to the global health pandemic from COVID-19:

The Company has evaluated the impact of COVID – 19 resulting from (i) the possibility of constraints to fulfil its performance obligations under the contract with customers;(ii) revision of estimations of costs to complete the contract because of additional efforts; (iii) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID – 19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of Investments and other financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts and consensus estimates from market sources on the expected future demand of its products. The Company has performed analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered.
